🇬🇧 SSSSB Story 081a – Brother & Sister [5–12]

A brother and sister were talking at home.

The sister said: *“Mom and Dad always give you more freedom. You can play outside longer, but I have to help in household chores. That is not fair.”*

The brother said: *“But I feel the opposite. Mom and Dad help you more and take more care of you. Sometimes I feel like I have to do everything by myself.”*

They both became quiet.

Then the sister said:

*“Maybe we don’t see everything the same way as Mom and Dad do.”*

The brother smiled and said:

*“Yes... maybe we should try to understand Mom and Dad, and also each other, better.”*
