

SSSSB Story 064a – Is the SSSSB Class Fun? (For children aged 5 to 9)

Two eight-year-old friends are very curious about what the SSSSB classes are like.

The children they know from the SSSSB class are always so kind and friendly. They speak politely, help others, and set a good example in many ways.

The two friends would like to ask you to tell them more about the SSSSB class.

🌸 Question and Heart-Work of the Day:

Tell the two children about the SSSSB class.

What do you think is the most beautiful thing about the SSSSB class, and what else do you like about it?
