

## Setup

- Prepare Value Cards with words like *Respect, Gratitude, Listening, Kindness, Effort, Patience, Joy, Seva*.
- Place them in a small basket labeled “Golden Steps Basket.”
- Draw a simple path on the floor with 8–10 steps (using tape or paper footprints).

## How to Play

### 1. Pick and Step

- Each child picks one card from the basket.
- They read the value aloud and take one step forward on the path.
- As they step, they say: “I practice [value] to make life beautiful!”

### 2. Act It Out

- The child gives a short, fun example of how they can show that value (e.g., helping a friend, listening to parents, studying sincerely).

### 3. Joyful Reflection

- The group claps and says together: “Wise start — bright heart!”

### 4. Golden Circle

- After everyone has played, children sit in a circle and share:
  - One quality they want to improve.
  - One quality they already practice well.

**Joyful Ending:** The class chants together: “Doing our best and practicing values makes life beautiful, easier, and fun!”
