

## 4th Soul Blossom Class (SBC), Wednesday July 15, 2020, 3:00 PM

(Dear students, Sairam. Wednesday at 3:00PM) we have the 4<sup>th</sup> Soul blossom class. From each student who send the heart work for me, i take some sentences. We can give our vision about these sentences. We don't have enough time to discuss all your questions/answers in the classes. But i read every answer carefully and use some sentences to discuss that in a next class

### Heart-work for the coming week. A small story with 1 question:

Once upon a time there was a student walking in de city. He saw a very very rich woman. He recognized her from the TV and the big companies she owned. The rich woman walked with a lot of wallets, with a lot of money.

She planned to buy everything she liked, as she often did. Sometimes she even bought the whole store when there were many things in it that she liked.

She dropped / lost one of her wallets. The student picked it up and thought:

*"Shall I give it back or will I give it to the people who were really in need and got no help from anyone?"*

He hesitated between 2 thoughts.

1st thought: *"E Prabhu, what should I do, I will give it to the poor who really really need it, because I' am sure this businesswoman will use it to buy even more unnecessary things. Prabhu you know how crazy she is, she doesn't even know how many purses/wallets she has. I feel sad Prabhu, but it's her money, so dharma is to give back, but maybe it's a better dharma to give it to people in need. I don't know what is the best thing to do, I will give it back"*

2nd thought: *"E Bhagwan, what should I do, if i give her back, she will buy an ice cream for me and continue with shopping. Because she did this to a friend of mine last time when she lost one of here wallets, she give my friend a cholate because the chocolate shop was open. But today the chocolate shop is close & the ice crème shop is open, so i am sure she will give me a ice-cream and continue with shopping if i give here the wallet back. Prabhu, now you blessed me with a opportunity to do something for others. An ice-cream is tasty, but people in need are really important now. So i will give it to who really need, and off Couse i can buy a ice-cream for myself"*

### 4.1 The question is: If you were this student what would you do?

- A 1st give it back to the woman
- B 2nd give the money to people in need
- C 3rd do something else.

Answer from 06 Sampada (return back):

I would return and if she asks me for the ice cream I say politely: *"Instead of buying me an ice cream you can help poor and needy people"*

Answer from 05 Samridha (give to peoples in need):

I would give to people in need. If I return, she will buy useless things. Needy people are more important than the ice cream. I will get a lot of blessings from them.

Answer from 08 Vinita (give to peoples in need):

I would Give to people in need. Because the true spirit of human lies in heart of poor to whom you help. God will also be happy when we help those people and that is Satya, dharma. Another thing; money may not buy love but it might buy us happiness if we spend it in right way as if we give or donate to poor that is the happiness that we never got from anyone.

Answer from 04 Amrit (give to peoples in need):

I would distribute the money to poor and homeless people because the woman have everything If I return the money then she will us it for unnecessary things. A poor person will use for his live hood and he will be happy.
