🇬🇧 SSSSB Story 073b – “I Can Do Nothing Without Money, Position, or Fame” [10+]

After class, three students were sitting together.

Student 1 said in a sad voice: *“If my family were rich, I could do seva. Without money, I can’t do seva. I am not as lucky as children from rich families. Why didn’t God make my family rich? Then I could do a lot of seva. Now I can do nothing, because no one will take me seriously.”*

Student 2 felt Student 1’s sadness and replied: *“You are right. Without money, a high position, or fame, we cannot do much. What did I do wrong that God did not give my family a high position, such as manager, director, and so on? And besides that, my family members are not actors, top athletes, or ministers either. If my family had a powerful position or were well-known people, I could do a lot of seva. Now I can do nothing, because no one will take me seriously.”*

Then both students looked at Student 3 and asked: *“And you? What about you? Is your family also not rich and without a high position or fame like ours? Or are you luckier than us and able to do seva?”*

Student 3 — that is YOU. Give your answer to the two other students.

Question of the Day & Heart-Work:

1 ] What is your view on the way of thinking of the two students who believe that they cannot do seva without money, position, or fame, because they think no one will take them seriously?

2 ] Speak from your own view and your own experience.
