🇬🇧 SSSSB Story 068a – Village Life and City Life (For ages 5–9)

Two kids are talking.

Kid 1 says: *"In our village, there are not many shops or fun things to do."*

Kid 2 says: *"Do you mean it is different from the city?"*

Kid 1 says: *"Yes!"*

- *In the city, there are many shops with clothes, toys and gifts.*
- *Kids in the city take the bus to school and see cars, bikes and many people.*
- *The city is busy and full of things to do.*

But in our village:

- *There are only a few shops.*
- *We walk a long time to school and see trees, animals and nature.*
- *It is quiet and peaceful."*

Kid 2 says:

"I like the village! It is calm and safe.

When I visit the city, it is fun for a little while, but after a few days I want to come back home."

Kid 1 says:

"Oh, really? I didn't know that!"

Let's ask the SSSSB family what they like more: the village or the city!"

Question of the Day

Do you like the village or the city more?

And why?
