

Setup:

1. Prepare a set of **Seva Cards** with simple acts of service written on them. Examples: “Smile at someone who is sad”; “Help a friend carry books”; “Clean the classroom corner”; “Say kind words to a teammate” etc
2. Prepare another set of **Illusion Cards** with tasks that *seem* to require money, fame, or position. Examples: “Donate 100 rupees”, “Give a speech to thousands”
3. Divide the class into 2 groups.

How to Play

1. Each team draws one card at a time.
 - If it’s a **Seva Card**, they act it out immediately.
 - If it’s an **Illusion Card**, the group must **transform it** into a way that can be done with love and creativity instead of money or fame. Example: “Donate 100 rupees” → “Share something you have with a friend.”
2. Teams earn points for:
 - Acting out Seva Cards joyfully (certain points)
 - Creatively transforming Illusion Cards into love-based actions (certain points)
3. After some rounds, the group who has more points will be the winner.
