🇬🇧 SSSSB Story 073a – “I am still small, but I can help in many ways” [5–9]

One day, two children were sitting together after school, talking.

Child 1 said:

*“Am I too small to help?
Or do you think I am wise and helpful enough to help with things
at school, at home, in the SSSSB class, or in other places?”*

Child 2 thought for a moment, felt confident, and said:

*“Of course you can help!
I am small too, but I am wise and helpful.
I can help in many ways.”*

Question of the Day:

- 1] Do you think you are still small, but wise and helpful enough to help?
- 2] Give examples of how you can help at school, at home, in the SSSSB class, and in other places.
