🇬🇧 SSSSB Story 066b – Who Is the Real Servant? (Ages 10+)

In the classroom, three students were talking about serving and helping others.

Student 1 said:

"I am a true servant because I almost never help at home. But when my parents or others get angry, I help a little."

Student 2 said:

"I am a true servant because I always like to help when my parents ask me to do something."

Student 3 said:

"I look for ways to help on my own, and if I can't find anything, I ask if I may help."

All the students listened to each other and realized that everyone deals with serving in a different way.
