

🇬🇧 English Version – Physical Class Game – Two SSSSB Students on Lifestyle and Living Standards – SSSSB Story 005

Setup

- Prepare Treasure Cards:
 - Some cards show *material things* (bike, toys, phone, clothes).
 - Other cards show *values* (friendship, kindness, gratitude, sharing).
- Place them in two baskets/boxes: Shiny Basket and Golden Heart Basket.

How to Play

1. Pick a Card
 - A child draws one card from either basket.
 - If it's a *Shiny Basket* card, they act out wanting that item (e.g., pretending to ride a bike).
 - If it's a *Golden Heart Basket* card, they act out practicing that value (e.g., helping a friend).
2. Class Reflection
 - The group claps and says together: "Does this bring joy inside?"
 - Children answer briefly: "Yes, *but not forever*" for shiny things, and "Yes, *always!*" for values.
1. Treasure Circle
 - After a few rounds, children sit in a circle.
 - They pass a "Golden Heart Ball" (soft ball or paper ball) while saying: "Friendship and kindness are our real treasure!"

Joyful Ending

- The class chants together: "A golden heart shines brighter than a shiny bike!"
- Optional: Children draw a small golden heart on a shared poster to symbolize their treasure.
