

How to Play

- Set the Scene: The teacher says: “We’re all treasure hunters! But beware — temptations will try to distract you!”
- Divide the class into two teams. Each team is a group of treasure hunters.
- Temptation Cards: Prepare cards with words like: Wealth; Power; Status; Health; Laziness; Anger; Love; Peace
Mix them up and place them face down.
- The Funny Challenge: Each team picks one card and acts it out in a funny way — without saying the word. The other teams must guess what it is!
Example:
 - If the card says *Wealth*, they pretend to count money and look proud.
 - If it says *Anger*, they stomp and puff their cheeks.
 - If it says *Peace*, they sit calmly and smile.

The Twist: After guessing, the teacher asks: “Is this the real treasure?”
The class shouts together: “No! The real treasure is love and peace!”

Celebration: Everyone claps and says: “We found the Most Valuable Treasure — inside our hearts!” - not wealth, power, or status, but something deeper!
